

Online EⁿR / EIB Training Workshop
within the framework of the Renovation Wave

Date: 15th April 2021
Time: 10.30 – 15.00 CET
Platform: Zoom

Chair: Philippe Masset, ADEME, France, EⁿR President,
Ralf Goldmann, European Investment Bank

Background and Motivation

Establishing a collaboration between the EⁿR Network and the EIB and identifying how EⁿR can support the EIB and the European Commission to achieve goals of the Green Deal in the field of the Renovation Wave.

Session Objective

Present the ELENA facility & the EIB guidelines document and discuss how it can be used by the national energy agencies to inform the national governments/managing authorities.

Present the analysis of the recovery plans, partnership agreements & long-term renovation strategies, to understand the maturity of renovation funding & agree on follow-up actions.

Train the EⁿR members on the updated EIB energy lending policy eligibilities.

Establish follow-up actions (for example, organisation of national workshops with the EIB support) in line with the timeframes of the EIB.

AGENDA

1. Welcome & Introduction to training workshop

- Update on the ADEME presidency & objectives of the training workshop
- Introduction of the EⁿR participants
