

WG Energy-related Behaviour Change

Activity Brief

EⁿR M66, Brussels

12 – 13 February 2020

BEHAVE 2020

- EnR Flagship event since 2009
 - 2009 Maastricht, 2012 Helsinki, 2014 Oxford, 2016 Coimbra, 2018 Zurich, **2020 Copenhagen**
 - BEHAVE 2020 – 21-23 October in Copenhagen
 - UN City Marmorvej 51, 2100 Copenhagen
 - Main organizer DTU - Technical University of Denmark (UNEP DTU Partnership in Copenhagen)
 - Co-organiser EnR network (WG Behaviour Change)
 - special coverage on developing countries (UNEP)
- <https://www.conferencemanager.dk/behave2020>

EnR role in the BEHAVE 2020

- EnR's role in the BEHAVE 2020
 - Organising Committee (Emilie, Rebecca, Irmeli)
 - Scientific Committee
 - WG Behaviour Change members
 - Other colleagues
 - Dissemination, marketing and communication activities to spread the word through our networks comprehensively
 - EnR (parallel) session in the conference programme
 - Input/interest from the WG/EnR members
 - Side event on 23 October
 - Showcasing EnR member activities?

Thematic topics – BEHAVE 2020

Focus area

Integrating behavioural insights for faster and broader energy efficiency improvements and climate neutrality

Thematic Topics

Topics that may be addressed by contributors include, but are not restricted to, the following:

- Behavioural insights and their application in the developing world
- Integrating behavioural insights in international development assistance
- Applying behavioural insights in private sector, organisations and business models
- Promoting sustainable energy behaviours: policy instruments, interventions and evaluation of effects
- Behavioural insights for effective climate change mitigation
- Behavioural potential to facilitate the smart grid and demand response
- Approaches and strategies to deliver effective and scalable behavioural interventions
- End-use energy efficiency in buildings and organisations
- Users behaviour in transport and mobility
- Behaviour integration into energy modelling for policy development
- Applying behavioural insights to increase energy efficiency financing
- Behavioural solutions for small and medium enterprises
- Equity, ethics and inclusion in behavioural-oriented policy approaches
- Multidisciplinary approaches to energy behaviours for achieving the SDGs
- Community Engagement
- Contribution of behaviour in energy sufficiency

BEHAVE 2020 – Important dates

- Call for Abstracts and Proposals
 - 30 April 2020 – Extended abstracts (max. 1000 words)
 - 31 May 2020 – Notice of acceptance

<https://www.conferencemanager.dk/behave2020/call-for-abstracts-and-proposals.html>
- Registration, by
 - 30 June – early bird € 300
 - 14 September – standard € 350
 - 30 September – late € 400
